

Legacy Runner Tom Brown

Thomas Brown, age 52 Lakewood CA.

I began running on a dare that I could not run a marathon. The first L.A marathon was a month after I had ran my first marathon. Feeling that I was in shape, I signed up for the L.A. marathon. The course was unbelievable from the beginning at the Sports Arena through China town...finishing at the Coliseum.

The crowd was so amazing, never had I experienced so many people cheering and having fun. I have

now run 57 marathons, but L.A. has been a special part of my life now for 25 years. I feel blessed to be able to show up at the starting line each year, and I thank all the other Legacy members who have made it fun.
